

A scalp recovery system

AC lotion for professional (PH3.5~4.0)

☐ **Ingredient**

The ingredient of both Mineral liquid and Hummus extract liquid is used.

Water, Hummus extract.

☐ **Usage**

Please apply to the scalp and damage hair before and behind a coloring or a permanent wave.

☐ **Effect**

* Since a Hummus extract, a mineral, and fulvic acid are contained by high concentration, there is the same effect as Mineral liquid or Hummus extract liquid.

* A color and a cold chemical substance are adsorbed and decomposed.

* By a high humidity retention effect, it protects damage hair.

* A scalp is protected by work of a mineral, and it helps restoration of a damage skin by high cell activity capability.

☐ **Explanation**

* Before a spa treatment, the joint state of scalp protein increases and it is hard coming to start allergy by applying to the whole scalp.

* It is hard coming to hurt hair by applying, and moisturizes and protects the hair which has already gone bad.

* Chemistry ingredients, such as an antiseptic, are not used.
